The Ohio Brewery Running Series began in 2012 and organizes events across 20 states. Findlay Brewing Co. will be the first location for the 5K series this season, with the event set to take place from 11 a.m. to 2 p.m. April 23.

According to the Ohio Brewery Running Series, the event encourages individuals to be active, have fun and support the community. Proceeds from

the Findlay Beer Run will support general operations at City Mission of Findlay.

“We are very passionate about giving back to our community,” said Findlay Brewing Co.’s general manager, Sarah Foltz.

Individuals participating in this event will be given a free craft brew from Findlay Brewing, a collector’s pint glass or seasonal merchandise from the Brewery Running Series, a chance to win door prizes, and access to event festivities. Race participants do not need to be 21, though individuals must be 21 or older to receive a draft brew and should be prepared

to show ID. Registered participants under 21 will receive a free nonalcoholic beverage.

To register for the event, visit [www.findlaybrewing.com](http://www.findlaybrewing.com) and click “5K Beer Run” under the events tab. For any questions or more information regarding this event, contact Sara Arnold at [sara@breweryrunningseries.com](mailto:sara@breweryrunningseries.com)

The Ohio Brewery Running Series encourages individuals to drink responsibly.

# HOW TO PICK THE RIGHT TREES FOR YOUR PROPERTY

Trees benefit a landscape by serving both aesthetic and utilitarian functions. A home surrounded by healthy green trees can be a sight to behold, and those same trees can benefit surrounding plants and wildlife at the same time.

As appealing as trees are, not all trees and landscapes make for the perfect match. The Arbor Day Foundation notes the importance of planning when designing a landscape. Planning ensures the trees homeowners ultimately choose for their properties will grow well in the soil and moisture present in their yards.

Careful consideration of a handful of variables can help homeowners determine which trees will make the best fit for their properties.

- **Height:** Homeowners must consider the projected height of a tree before planting it. Avoid trees that will bump into anything when fully grown, as that can adversely affect surrounding greenery and pose a safety hazard. The ADF's tree sizing guide can be accessed at <https://www.arborday.org/trees/rightTreeAndPlace/size.cfm> and serves as an invaluable resource for homeowners who want to plant new trees around their properties.

- **Canopy spread:** Trees grow out as well as up, so it's important to consider their potential width at maturity as well. The ADF sizing guide can help homeowners get an idea of how

wide a tree is likely to be at maturity. Trees that spread out quite a bit don't necessarily need to be avoided, but it's important that they're planted far enough apart so they don't adversely affect surrounding plants. In addition, wide trees that are planted too close together can make the landscape appear crowded, taking something away from its aesthetic appeal.

- **Growth rate:** Growth rate is an important variable because it can affect how quickly homeowners will see changes in their landscapes. Homeowners who want to plant for privacy can consider trees with quick growth rates or purchase more mature trees that are already near full growth. Those who are not in need of instant transformation can try trees with slower growth rates, which the ADF notes typically live longer than fast-growing species.

- **Requirements:** Different trees require

different amounts of sun and moisture and different soil components to thrive. Homeowners can have their soil tested to determine which trees will thrive in it. Local garden centers can be a great resource for homeowners who want insight as to which trees will thrive in their local climates.

Trees serve many functions on a property. Choosing the right trees for a landscape requires careful consideration of a host of variables. Improving the curb appeal of your home and lot is also important when you decide to put your property on the market to sell. So whether you plan to live at your current address for many years to come or would like to relocate soon...adding appropriate landscaping and trees will be beneficial.

## EASTER AROUND THE WORLD

Easter is a special day for Christians across the globe, celebrating the death, burial and resurrection of Jesus Christ. While the highlight of Easter celebrations are the religious events, particularly the vigils and church services, Easter fanfare sometimes stretches beyond church walls.

The following are some Easter traditions across the globe.

### Bermuda

Celebrants create and fly homemade kites on Good Friday Kitefest, which features bold, geometric designs. It's also traditional to eat codfish and hot cross buns during Holy Week. On Easter Sunday, the faithful participate in sunrise services on various Bermuda beaches.

### Costa Rica

Costa Ricans take Holy Week and Easter quite seriously. Each town hosts parades and processions during Holy Week, providing dramatic re-enactments of Jesus' journey through Jerusalem to his crucifixion and resurrection.

### England

Good Friday visitors to Trafalgar Square can see a

classic dramatization of Jesus' resurrection. "The Passion of Jesus" is a 90-minute performance that attracts thousands of visitors.

### France

Many people visit the famed Notre-Dame Cathedral to hear its bells toll throughout Easter Sunday. A fire destroyed a portion of the cathedral roof in 2019 and repairs are still underway. There also are Paris Easter egg hunts. Parisians and tourists also can visit La Sainte Chapelle, which offers Easter concerts consisting of classical music and choral singers.

### Israel

Israel is a melting pot of both Jewish and Christian faithful. Easter is a solemn celebration here. In Old Jerusalem, faithful pilgrims and priests walk the Via Dolorosa, which is the same path that Jesus took on the day he was crucified. The Way of the Cross, which is what the procession is called, is among the most amazing sights in the world.

### Italy

Easter is special in Italy and particularly in Vatican City, the home of the Pope. The Pope holds a special mass on Easter in Saint Peter's Square, which traditionally draws huge crowds. Elsewhere in Italy, masses take place at area churches and many towns host parades and other celebrations.

### Mexico

Holy Week reenactments take place in devout areas of Mexico. Residents in other areas may take part in silent processions through town, or by visiting 12 churches in 12 days.

Easter is a time of celebration and reflection in various parts of the world.

HAPPY EASTER!
